

**Address :** 600, rue Villeray

## Replacement of the generator and ventilation system

We will:

- replace and modernize the ventilation equipment
- replace the air supply vents in the corridors
- clean the ventilation ducts in the corridors
- replace the generator

### Schedule

mid-August 2024  
to May 2025

### Hours

Monday to Friday between  
8 a.m. and 5 p.m.

### Contractor

Construction Ludec

**Get involved**

What you need to

1. **Watch for notices at the entrance of your building** for general information (for example, power interruptions).
2. Stay **away from equipment** to prevent accidents.
3. **Stay outside the safety perimeter** established by the contractor.

**Inconveniences**  
caused by the work

- There will be **some power interruptions**. A **notice** will be posted at the building entrance **48 hours in advance**.
- There will be noise and dust when the ventilation equipment is being replaced in the corridors.
- There will be workers inside and around the building.

**Reasons**  
for this work

The generator is worn out. This work is being done to improve air quality and control humidity in the building. The air quality will be better, improving your comfort and saving energy.

**Investment:** over \$500,000

**Thank you for your patience and cooperation!**
