

Office municipal  
d'habitation  
de Montréal

Montréal, July 12, 2024

To the tenants of Habitations Jarry  
8087, rue Berri

## Work Update

Tenants located on the **rue Lajeunesse side** now have access to their balcony, as the work on this side is now completed.

The work has not yet been completed on the **alley side**. Tenants will have **access to their balcony** during the construction holiday. **Please leave the outdoor patio door unlocked so the workers can unblock your door.** We ask you to not leave too many items on your balcony. It will need to be cleared after the vacation for the workers to complete the work.

A reminder that the **common room is air-conditioned and open** during the day. You can use it to cool off or take a break when the noise is too loud in your apartment.

You may use a **temporary terrace on the 2nd floor**, on the alley side.

**There will be a construction holiday from July 20 to August 4.**

### **Air conditioners**

If you have any problems with your air conditioner, please contact **Karyne Blain** at **514-527-9009 ext. 205**.

Your liaison officer, **Elaine St-Onge**, will be **absent from July 29 to August 23**. In case of emergency, you may contact Hugo Baron Bruneau at 514-868-4927.

Thank you for your patience and cooperation.
