### Get involved

### What you need to do

1. When workers come to clean the ventilation ducts and install the range hood:

**Remove all items from the top of the oven.**

**Clear the nearby kitchen counters.**

**Clear the bathroom counter.**

### Check for any notices on your apartment door.

The time and date of the work in your apartment will be posted on your door.

You will be notified at least **2 days in advance**. The work will take place between **8 a.m. and 5 p.m.**

2. When workers replace the **doors, windows and balconies**, please follow **the instructions** provided with this document.
3. **Check if there's a message at the building entrance**. For example, there will be a message if the power has to be cut off.
4. Please be **home on the day of the work**. If you cannot be home, ask someone **you trust to be there instead**, such as a **neighbour, friend or family member**.
5. If you **cannot be home and no one can be there for you**, **inform** your **liaison officer** as soon as possible.

## inconveniences during the work

- Noise, dust and the presence of machinery.
- **Workers will need to enter your apartment** to clean the ventilation ducts, install the range hood and the doors and windows.
- You will not be able to use the garage entrance when the workers replace the asphalt. **Check for notices** for the exact dates of work.
- You will **not be able to use the main entrances** when the workers are redoing the sidewalks. You will need to use a different entrance.
- For your safety, you will **not have access to your balcony** during some work. Check for notices for the exact dates.

## reason for this work

We are carrying out this work to maintain the building in good condition for years to come.

The new windows will make the temperature in your apartment more stable, providing you with greater comfort.

The building will have a more contemporary style and the backyard will be more inviting to everyone.

**Investments :** \$3,9 M
