

reno UPDATE

HABITATIONS AHUNTSIC

 Adresse: 10333, rue Berri

New location for recycling and compost bins

We will do the following work:

- store recycling and compost bins to a new location in the basement;
- reorganize the garbage chute room and improve ventilation.

Current location of outdoor recycling bins

New location in the basement for recycling and compost

This room has been selected to:

- provide easy access for people with impaired mobility or scooters;
- offer security via video surveillance and sprinklers that will be installed;
- meet air conditioning and ventilation standards.

Calendrier

September to
december 2024

Horaire

Get involved

at meeting

An information **meeting** was held on **March 14, 2024**.

14 tenants were present.

At this meeting, we were able to:

- present the upcoming work;
- listen to your concerns and answer your questions.

Inconveniences
caused by the work

- There will be workers in the building.
- There will be noise and dust.
- The garage will be occupied for the duration of the work.

Reasons for this work

The borough will begin collecting compost soon.

We are going to provide brown bins for composting in the new location.

After the work

A team will come and meet with you to answer your questions about recycling and composting.

You will receive a small bin to transport compost from your apartment to the new collection location.

Investment: \$ 352,536

Thank you for your patience and cooperation!

Do you have any questions about the work?
