Work on Ventilation Systems in Apartments

We will do the following work:

1. A range hood will be added.
2. A ventilation duct will be added and hidden by the drop ceiling.
3. Upper cabinets in some kitchens will be replaced.
4. A fan will be replaced to the bathroom.
5. Ducts will be installed to carry air outside.
6. The electrical panel will be replaced.
7. The walls will be repaired (drywalling, plastering and painting).

| **Schedule** From the end of January to July 2025 | **Hours** Monday to Friday, from 8 a.m. to 5 p.m. | **Contractor** TAMI CONSTRUCTION INC. |

inconveniences caused by the work

- You will not have access to your kitchen during the daytime, or to your bathroom for specific periods of time.
- Several scheduled visits will be required. The duration of the work may vary. **The contractor will inform you of the date and duration of the work 48 hours (2 days) in advance.**
- There will be noise and dust.
- The electricity will need to be cut off at times. You will be informed in advance.

Get involved
what you need **to do**

- Clear and clean all kitchen counters prior to each appointment. This will make it easier for the worker to clean and sanitize before they leave your apartment.
- Clear everything from your bathroom counter prior to each appointment.
- Do not go near the contractor's dumpster. Watch out for the contractor's vehicle traffic.
- For the safety of children, make sure they do not come near areas of the construction site.

reasons for this work

This work is required to improve the air quality in your home, to evacuate moisture and to prevent mould. The electrical panel will be more efficient and better equipped to meet the needs of modern devices and appliances.

Investment: Over $736,000

Thank you for your patience and cooperation!
